NEW BUSINESS

Heatstroke 100:

REI will staff the Lied Bridge north trailhead SAG. Edie will ask if the mechanic can be at the main SAG at the SAC museum.

Edie was contacted by a group of Girl Scouts who are doing bike rides, and she asked if they could staff the Greenwood SAG. Edie also contacted the SuperSaver at 56th & Old Cheney about helping out. No response to these as of the meeting time.

Edie will send an e-mail update asking for volunteers. Registration is covered, but additional volunteers are needed for the main SAG and truck loading (~6:00 pm at the storage unit). Randy will rent a pickup truck for roving; one other rover has volunteered (lives in Ashland).

Randy has scheduled the portapotties and contacted the county sheriffs. Marianne has reserved the U-Haul truck and will check with John on water from Culligan. Edie and Mark/Sherri will do the food shopping.

T-shirts: Sales open on Screen Ink website until August 15. Registration is open on the website; sales tax is being listed as an additional charge based on the registration fees cited above. We have had lots of inquiries about the ride, including some from out of state.

Meeting adjourned at 6:50 pm.
